

Time Loop

Basically in waltz time, with a little syncopation here and there to liven it up!

I seem to be caught in a time loop,
this song goes around and around,
and it keeps playing over and over,
well I hope you're enjoying its sound.

I seem to be caught in a time loop,
this song goes around and about,
and it keeps playing over and over,
well these were the words that came out.

I seem to be caught in a time loop,
the change in each verse is quite slight,
and it keeps playing over and over,
at this rate I'll be singing all night.

I've got to get out of this time loop
before I'm completely insane!
... but it keeps playing over and over
and over and over again!!

I seem to be caught in a time loop,
like my life it goes round and around,
and it keeps playing over and over,
and I'm learning to live with the sound.

I seem to be caught in a time loop,
this song goes around and around,
and it keeps playing over and over,
well I hope you're enjoying its sound!!!
